FindAWay4Kids is donating \$250,000 to fully support this life-changing experience, being the first all-expense paid camp dedicated to children with cerebral palsy in Florida. The week-long program will offer these children a chance to enjoy fun, freedom, and friendship in a medically safe environment specially tailored to their needs.

Camp Boggy Creek, a magical FREE camp nestled on 232 acres of pine forests and majestic oaks, has long served children with various serious medical conditions. The camp's mission is to create a space where kids can simply

be kids, regardless of their diagnosis. With 24/7 medical care on site and a fully adaptive infrastructure, campers will be empowered to try new activities, gain confidence, and form friendships that last a lifetime.

Campers will enjoy a wide range of activities including arts and crafts, swimming, boating, music, and nature exploration, all while being cared for by trained staff and medical professionals. The result is a week of joy, growth, and unforgettable memories.

This initiative represents the power of partnership and the belief that every child deserves the chance to feel included, supported, and celebrated. For more information or to learn how to get involved, please contact:
