

Daelim Belefic Expands U.S. Inventory of Ready-to-Ship UL-Listed Transformers for Data Centers and Crypto Mining

Daelim Belefic stocks 500+ UL-listed transformers in the U.S. for rapid deployment in crypto mining and AI data center operations.

HOUSTON, TX, UNITED STATES, July 1, 2025 /EINPresswire.com/ -- The growth of AI-driven data centers and cryptocurrency mining has created unprecedented demand for UL-listed, high-efficiency transformers. [Daelim Belefic](#) has pre-positioned over 500 [Pad-mounted transformers stocked](#) across Texas, California, and Florida to meet urgent Bitcoin mining operation needs.

Bitcoin Mining Transformers In Stock and Ready to Ship

Daelim Belefic, rapidly emerging as a leading force in the global medium-and high-voltage transformer industry, has strategically expanded its U.S. inventory with over 500 fully-manufactured pad-mounted transformers optimized for Bitcoin mining and data center applications.

Daelim Belefic recently obtained updated [UL certification](#) across a wide range of transformer models, making us one of the most comprehensively UL-listed transformer suppliers in the industry.

These units are in-stock and available for immediate shipment from key U.S. locations including Texas, California, and Florida — eliminating production lead times and enabling rapid deployment for crypto mining operations and energy-intensive digital infrastructure.

- Transformer capacities ranging from 500 kVA to 3000 kVA, tailored for containerized or modular crypto mining sites
- Units are fully stored locally in the U.S. and available for same-day shipment. Our rapid delivery of transformers for Bitcoin mining keeps your rigs hashing and your ROI on track..

- Compliant with IEEE and DOE standards, UL evaluated, Certificate of Compliance available, meeting demanding thermal and load cycling requirements.
- Available for cryptocurrency mining operations, AI data centers, and industrial-scale hosting providers across North America.
- Large-scale orders supported with on-site loading and drop-ship logistics
- Standard one-year warranty included, ensuring reliability under sustained heavy loads

About Daelim Belefic Group

Founded in April 2010, DAELIM BELEFIC GROUP is rapidly emerging as a leading force in the global transformer industry, specializing in the manufacturing and supply of medium- and high-voltage transformers and power equipment. The company serves a broad range of sectors, including renewable energy, utilities, industrial plants, oil & gas, and digital infrastructure. With factories certified to international standards such as IEEE, IEC, and CSA, Daelim Belefic provides tailored energy solutions across North America, Asia, and Europe.
