

Pet Acoustics Launches Groundbreaking Pet Acoustics+ App: First Mobile Hearing Test & Calming Music Platform for Pets

Pet Acoustics+ app launches with the first mobile hearing test for pets and calming music to ease anxiety, fears, & stress.

NEW YORK, NY, UNITED STATES, July 1, 2025 /EINPresswire.com/ -- For Immediate Release

Pet Acoustics, Inc., the global leader in sound therapy for animals, proudly announces the launch of Pet Acoustics+, a revolutionary mobile app now available on the App Store and Google Play.

Pet Acoustics+ brings calm and care to your pet—right from your phone.

The Pet Acoustics+ app introduces the world's first mobile hearing test designed specifically for dogs and cats—enabling pet parents and veterinary professionals to assess pet hearing health anytime, anywhere. The app also features clinically proven, [species-specific calming music](#) designed to reduce stress, anxiety, and sound sensitivities in pets.

“

One App, Total Wellness – From hearing detection to emotional relief, Pet Acoustics+ supports pets through every stage of life—storms, fireworks, travel, aging, and beyond.”

Janet Marlow, Founder and Sound Behaviorist, Pet Acoustics Inc.

“We created Pet Acoustics+ to meet the real-life needs of today's pet families and veterinary professionals,” said Janet Marlow, Founder of Pet Acoustics and a leading expert in animal psychoacoustics. “Our goal is to enhance [pet wellness through sound](#)—whether it's calming a nervous dog during a thunderstorm or supporting the quality of life for an older cat with hearing loss.”

Key Features of Pet Acoustics+:

-World's First [Mobile Hearing Test for Pets](#) □ Instantly assess

your dog's or cat's hearing through an interactive in-app experience □

-Science-Based Calming Music □ Species-specific audio designed using clinical research in animal
