Each song carries a distinct emotional and rhythmic character. “Haiti” pays homage to his heritage through Haitian kompa rhythms and reflective lyricism. “Turnt Up” brings visual storytelling into play with a video showcasing performance energy. “Rosie” delivers poetic sensitivity and

stands as a personal tribute.

A Soundtrack from a Voice Beyond Music

Known for his genre-blending approach, Tiky Benz incorporates calypso, soca, kompa, merengue, club beats, and hip hop to create music built for both movement and meaning. The project title, Underground Artist Matter, serves as a larger message on visibility, authenticity, and creative freedom for independent artists.

But Tiky Benz (The Sizzler) is more than a performer; he's building a multimedia identity. A second EP titled International Mega Blaze is already in the works, with an expected release in December 2025, continuing his mission of combining Caribbean tradition with cross-platform storytelling.
