PORT ST. LUCIE, FL, UNITED STATES, July 2, 2025 /EINPresswire.com/ -- The master-planned community of [Wylder in Port St. Lucie](#) continues to grow with the introduction of Bristol North, a new single-family home neighborhood with home construction currently underway. With prices ranging from \$350,000 to over \$500,000, Bristol North broadens the residential opportunities within the 1,970-acre community off Midway Road, developed by [GreenPointe Developers LLC](#).

The addition of Bristol North follows the success of its sister neighborhood, Bristol South, which is nearing sellout. "Bristol South was very well received by the market," said Austin Burr, Regional President, GreenPointe Developers. "It's been incredibly rewarding to see how homeowners have embraced its natural surroundings and its fresh approach to South Florida living. We look forward to welcoming new residents to that same lifestyle in Bristol North."

Homes in Bristol North will be built by Dream Finders Homes and Lennar, two respected

homebuilders known for their tech-forward designs and modern features. Dream Finders Homes will introduce a diverse selection of ten floorplans, ranging from 1,850 to 3,273 square feet on 50- and 60-foot homesites. Lennar will present eight floorplans across three home collections, ranging from 1,429 to 2,754 square feet on 40- and 50-foot lots.

Bristol North is thoughtfully designed to embrace its natural surroundings. The neighborhood provides access to hundreds of acres of preserved land, with many homesites offering scenic views of nearby lakes and nature preserves.

In addition to its own clubhouse with a fitness center and social spaces, Bristol North residents will also enjoy access to the established amenities of neighboring Bristol South. Highlights include a lakeside amenity center with a beach-entry pool, pickleball courts, a dog park, a playground, and more.

Community-wide features are designed to support a walkable, active lifestyle, with lakefront recreation areas, multi-use paths, and pocket parks. Future plans for Wylder also include a 113-acre public park and a future high school, enhancing the community's long-term appeal and connectivity.
