

Syha by Angela Spindler Wins Silver in A' Packaging Design Award

Depot Creative's Innovative Packaging Design for Syha Recognized with Prestigious Silver A' Design Award

COMO, CO, ITALY, July 2, 2025

/EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized competition in the field of [packaging](#) design, has announced that Syha, a project by [Angela Spindler](#) of Depot Creative, has been awarded the Silver A' Design Award in the Packaging Design category. This prestigious recognition highlights the exceptional design and innovation demonstrated by Syha, which stands out as a notable achievement within the competitive packaging industry.

Syha's award-winning packaging design resonates with the evolving needs and preferences of modern consumers, particularly in the realm of menstrual wellness products. By embracing a more empathetic and nature-inspired approach, Syha effectively connects with its target audience, offering a refreshing alternative to the often clinical and impersonal packaging found in this category. This alignment with consumer trends and values underscores the relevance and significance of Syha's design within the industry.

Syha's packaging design distinguishes itself through its thoughtful integration of the moon as a central motif, symbolizing empowerment, reflection, and renewal. This visual narrative is beautifully woven throughout the design, with subtle lunar phases reflecting the natural rhythms of life and honoring the cycles of change. The carefully selected color palette, inspired by the serene yet powerful terrain of Western Australia, further enhances the brand's connection to nature and self-care. The incorporation of tactile elements, such as blind embossing and a matte finish, elevates the packaging experience, offering a refined and authentic touch that aligns with

Syha's commitment to mindfulness and sustainability.

The recognition bestowed upon Syha by the A' Packaging Design Award serves as a testament to Depot Creative's dedication to excellence and innovation. This achievement is expected to inspire the team to continue pushing the boundaries of packaging design, exploring new avenues for creating meaningful and impactful brand experiences. The award not only validates the studio's approach to design but also positions Syha as a trailblazer within the industry, setting a new standard for packaging that resonates with consumers on a deeper level.

Syha was brought to life through the collaborative efforts of a talented team at Depot Creative, led by Angela Spindler, the Principal Director and Creative Director behind the project.

The A' Packaging Design Award celebrates Syha as a shining example of how thoughtful design can elevate a brand and connect with consumers in a profound way.
