What's New in These Reports?

- Geography-specific insights across 60+ countries, addressing region-wise risk and recovery factors
- Conflict zone overlays on key industries (from energy to electronics)
- Dynamic forecasts using The Business Research Company's proprietary Global Market Model, a live database that adjusts market predictions in response to real-world events

These reports are more than PDFs—they're action plans.

Three Global Shifts You Can't Ignore:

1. Wars are changing the cost of doing business – Disrupted transport routes, energy crises, and refugee-induced labor shifts are reshaping sectors.
2. Supply chains are moving – From de-risking with nearshoring to outright exits from volatile regions, every industry is recalibrating.
3. Tariffs and trade blocs are back – With rising protectionism, the rules of international engagement have changed. Your strategy must too.

For the Bold, the Smart, and the Prepared

Whether you're:

- A manufacturer trying to find your next viable sourcing country
 - A consultancy building future-proof scenarios for clients
 - A private equity firm identifying resilient verticals
- ...these reports help you move fast, act wisely, and win confidently.
