*Get DPDP Act ready with CloudIBN's comprehensive VAPT services. Protect sensitive data and ensure compliance for Indian enterprises.*

MAIMI, FL, UNITED STATES, July 2, 2025 /EINPresswire.com/ -- With the Digital Personal Data Protection (DPDP) Act coming into force, Indian enterprises face an urgent need to secure personal data and ensure compliance with new regulatory mandates. CloudIBN, a trusted leader in cybersecurity, offers comprehensive VAPT Services designed to help organizations across industries become fully DPDP Act ready — safeguarding data, avoiding fines, and strengthening customer trust.

## DPDP Act Compliance: A Complex Challenge

The DPDP Act imposes stringent requirements including:

1. Explicit consent for data processing
2. Secure data storage and processing practices
3. Timely breach notification protocols
4. Accountability and governance for data fiduciaries
5. Organizations must adopt a proactive and holistic approach to security, beyond mere policy statements.

## How CloudIBN's Comprehensive VA & PT Services Help

CloudIBN's end-to-end Vulnerability Assessment and Penetration Testing (VA&PT) services empower businesses to:

1. Discover hidden vulnerabilities across applications, infrastructure, and cloud environments
2. Simulate real-world attacks tailored to Indian threat landscapes
