

Channel Futures 2025 MSP 501 List Features Centre Technologies

Local IT company, Centre Technologies, has been recognized by the Channel Futures MSP 501 on their annual list of the best MSPs worldwide for the third time.

HOUSTON, TX, UNITED STATES, July 2, 2025 /EINPresswire.com/ -- Centre Technologies has been named as one of the world's top-performing managed service providers in the prestigious 2025 Channel Futures [MSP 501](#)

rankings. They are ranked #155 in

2025, improving from their #388 ranking in 2024. The Channel Futures MSP 501 list, a technology industry benchmark, ranks companies based on their growth, profitability and innovation.

Centre Technologies is proud to be featured on multiple reputable lists like CRN's SP, MSP, and Tech Elite as well as Business Journal acknowledgements.

“

Thank you our team, our partners, and our customers for helping us achieve such a prestigious recognition. This is just one more step towards becoming the best in our industry. What's next?"

*Chris Pace, CEO and Founder,
Centre Technologies*

This recognition by Channel Futures only furthers their dedication to providing the best quality, local IT possible to their customers.

"We're excited to see tangible evidence of our hard work and growth here at Centre. We're dedicated to developing true value-add relationships with our customers that not only grow out business, but improve the businesses we get to serve. Our #ONETEAM is hard at work to daily offer dynamic IT services and prove our customer-first mindset. Thank you our team, our partners, and our customers for helping us achieve such a prestigious recognition. Without

you all, we're nothing. This is just one more step towards becoming the best in our industry. What's next?" says Chris Pace, CEO and Founder of Centre Technologies.

The Channel Futures MSP 501 survey uses a quantitative methodology to rank companies based

on their annual revenue, profitability measured by EBITDA, and recurring revenue. MSPs that qualify for the list must also pass a rigorous review conducted by the Channel Futures research team and editors. Channel Futures ranks applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency.

"The MSP 501 is more than a ranking—it's a reflection of the innovation, operational excellence, and customer-first mindset that drives the world's top managed service providers forward. Earning a place on this list signals to customers, partners, and the broader tech community that these MSPs are setting the pace for the industry and defining what success looks like in today's complex technology landscape," said Robert DeMarzo, Sr. Director of Informa Channels events and digital content.

Because of these prestigious partnerships, Centre continues to offer services such as Cloud Solutions through Microsoft Azure and Amazon Web Services , enhanced storage, servers, and computer virtualization, premier cloud-based ERP systems like [Microsoft Dynamics 365 Business Central](#), PowerBI platforms, and additional software solutions through their Gold status Dell partnership. Centre continues to pursue the highest status levels with their partners and solutions to provide value and customer service to businesses across the SMB space in Texas, Oklahoma, and the surrounding areas.
