"I want to be part of the board because I truly believe pets provide emotional support and a sense of purpose—often being a lifeline for their owners," Luchetti said. "Feeding Pets of the Homeless' mission speaks to me by helping ease the burden for those with so little, while strengthening the bond between owners and their pets. I'm especially passionate about helping veterans who have given so much for our freedoms."

About Feeding Pets of the Homeless

Feeding Pets of the Homeless believes in the healing power of companion pets and of the human/animal bond, which is very important in the lives of people experiencing homelessness. They find solace, protection, and companionship through their pets. They care for their pets with limited resources so they themselves have less. Our task, nationwide, is to feed and provide basic emergency veterinary care to their pets and thus relieve the anguish and anxiety of homeless guardians who cannot provide for them.
