

# Direct Surrender Method: A Safe Haven for Newborns

*Brings Peace of Mind to the Birth Mother that Her Infant Will be Safe and Cared For*

MIAMI, FL, UNITED STATES, July 10, 2025 /EINPresswire.com/ --

Surrendering a newborn in the arms of another person reassures the mother her infant will be safe and taken care of; easing some of the guilt felt by her. After 24 years and 427 infants being surrendered in the arms of another person, it's clear that the Direct Surrender Method is the most humane, compassionate way of surrendering a newborn.

**The Gloria M. Silverio Foundation, 501(c)3**

**Helping Mothers and Safely Placing  
Newborns in Caring Arms.**

A Safe Haven for Newborns. Helping mothers and safely placing newborns in caring arms.

The success of the Direct Surrender Method is based on a partnership that has grown and strengthen over 24 years between [A Safe Haven for Newborns](#) and the Hospitals, Fire Stations, Emergency Medical Services (EMS), Ambulances, Department of Children and Families, Law Enforcement, Social Services, and many other agencies and community services across the state of Florida; encompassing all 67 counties.

## What is the Direct Surrender Method

The Direct Surrender Method gives the birth mother the peace of mind that she is leaving her infant in the arms of a caring, compassionate person. It allows the trained health professionals to quickly and effectively assess the needs of both the mother and newborn and gather extremely valuable health information impacting the immediate and long-term care of the newborn.

It also provides the opportunity to:

Offer emergency medical care to both the mother and her newborn

Offer the mother resources to obtain counseling and supportive services

If a baby is found to be abused, neglected, or potentially trafficked or kidnapped, the trained professional can recognize this and contact law enforcement

To successfully facilitate the direct safe surrender of an infant, the Foundation provides online training to all 24/7 Safe Haven facilities and law enforcement agencies. Over 20,000 professionals have taken the online training program that is offered at no cost to them. All hospitals, fire stations and EMS display the Safe Haven for Newborns signage that is provided by the Foundation, at no charge to the facilities, designating them as a safe haven location.

#### [What is the Safe Haven for Newborns Program](#)

A Safe Haven for Newborns is dedicated to eliminating the ultimate in infant abuse — abandonment — through education, prevention, community involvement, and direct assistance. It provides the mother with the help she needs without judgment and at no cost to her. All are served and the mother's right to privacy is respected. A Safe Haven for Newborns does not publicize the surrender of a newborn to protect the mother's anonymity in the community.

How A Safe Haven for Newborns Helps the Mother and Her Infant

Program and services include:

Confidential Helpline, staffed 24/7 with multilingual operators in English, Spanish, and Creole, provides confidential assistance. The Helpline is the lifeline to receive the help needed. Everyone is helped — Florida Helpline: 1-877-767-2229; National Helpline: 1-844-767-2229.
