"I don't just write about crime, I write about people, places, and moments that shaped communities," says Landry. "Every case I choose reveals something deeper about the human condition, about justice, about who we are."

Landry's bestselling true crime titles, including [Allumette Island Massacre](#), [Blood in the Headlines](#), Murder from the Archives, and The Hermit Murder, have captivated readers across North America. American audiences, in particular, are embracing Landry's unique blend of suspense and historical fidelity, drawn to his bold prose and meticulous attention to detail.

"Ever since my grandfather first told me about the Allumette Island Massacre, I've been driven to unearth and share the stories Canada has long dared to reveal," says Landry. "American readers haven't heard these tales, yet; I'm determined to change that."

Landry offers an exclusive look at the real stories that inspired the fiction, a candid exploration of how he uncovers forgotten cases, why certain crimes haunt him, and the careful process of bringing overlooked Canadian tragedies to life on the page.

"I draw inspiration from the meticulous reporting of 20th-century journalists and the distinctive voice of true-crime fiction," states Landry. "In my work, I strive to capture that same depth of emotion and precision of detail. Canada is full of compelling, untold stories, our unique justice system and rich cultural heritage deserve to be preserved and shared."

Landry insists his books do more than rehash old headlines; they're flipping the script on Canadian fiction and spotlighting homegrown authors who've too often been overlooked.

Among his most praised works:

- Allumette Island Massacre
- Murder from the Archives
- Motley Crooks
- Murder in the Ottawa Valley (Volume One)
- Murder Tales in the Ottawa Valley (Volume Two)
- Blood in the Headlines
- The Death of Paddy Donovan
- The Hermit Murder
- Hull Bank Clerk 1924
- Maniwaki Mystery Death
- The Jungle Murder

Landry's method is rooted in extensive archival research, personal interviews, and a journalist's instinct for finding the story beneath the surface. "I spend months combing through court transcripts, newspaper clippings, police reports, anything I can get my hands on. Then I ask myself: what's the story that hasn't been told yet?"

Readers rave about Landry's work, saying, "More than just true crime—this one really sticks with you... I wasn't sure what to expect going into Blood in the Headlines, but wow, it completely pulled me in... Each story is vivid, human, and thoughtfully written... If you're into true crime with depth—not just the gore or headlines, but the human side too—this is definitely worth your time."

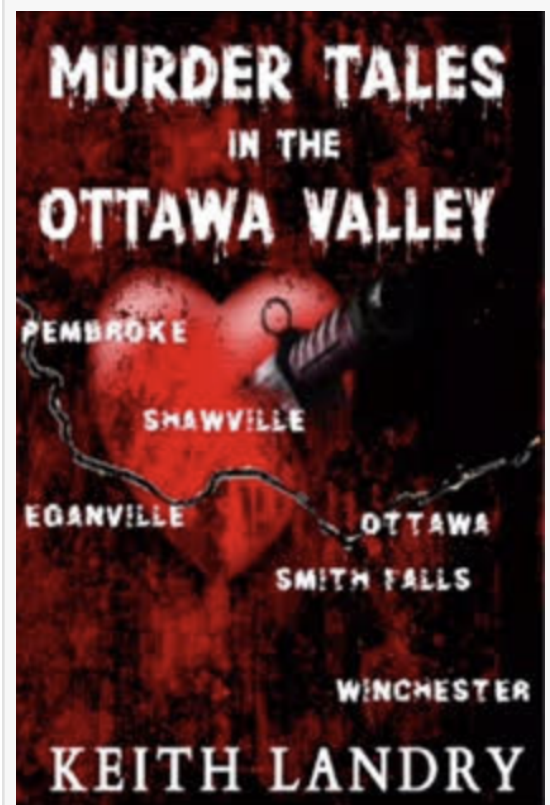

As the next standout true-crime author, Landry is redefining the genre by marrying investigative rigor with evocative storytelling. His work not only sheds light on the shadows of Canada's past but also ensures that those stories resonate with readers long after the final page. With every new title, Landry deepens understanding of history, justice, and humanity, demonstrating that true crime can both educate and enthrall.

About Keith Landry

Keith Landry didn't pick up his pen until the age of 69, and in just six years, he has become the voice behind 26 bestselling Canadian tales that bring history to life. With a storyteller's heart and a journalist's curiosity, he mines forgotten headlines and breathes new life into bygone events, weaving archival news articles into richly drawn, character-driven narratives.

Fueled by a passion for preserving Canada's past, Landry delights readers with suspenseful plots rooted in authentic detail. His talent for marrying factual research with immersive storytelling earned his book *Unforeseen Saskatchewan* the 2024 International Impact Book Award for Adventure.
