Part of the impetus of TravelingWiki's rapid growth initiatives, including promoting this work by engaging directly with sports talent globally, is the opening of experts on Neurodiversity at CES that 53% of GenZ identifies as Neurodiverse. This also follows TravelingWiki Foundation announcing an expansion of its Library Program, growing in earnest in Iowa (whereby TravelingWiki's Experiential Learning participant(s) present(ed) at an Iowa library), growing from a foundation of offering TravelingWiki resources in one or more Iowa library databases alongside some of the most well-known global charities. The work of TravelingWiki Foundation to document resources for Non Visible Disabilities at US airports, now exceeding 50 airports documented, stems back to the start of TravelingWiki Foundation. TravelingWiki Foundation's non-profit work across the US expands upon prior work in Pennsylvania, including the recent addition of TravelingWiki Foundation's free resources in 13 languages to the Philadelphia Autism Project, in cooperation with Drexel University; and presenting at PNC Park with the Pittsburgh Pirates on June 22, 2024 and August 4, 2024 to promote Autism awareness and Special Needs awareness, respectively, via themed baseball games (coordinated via many organizations throughout Pennsylvania) that also raised money for local area charities.

The CEO of TravelingWiki Foundation, Jonathan Sutter, notes, "TravelingWiki's expected growth in 2025 is 400%, and TravelingWiki deeply values the extensive recent recognition, including focusing continuously on the needs of the 20M with Non Visible Disabilities we serve in the US."
