SAN DIEGO, CA, UNITED STATES, July 9, 2025 /EINPresswire.com/ -- [VETCOMM US](https://www.vetcomm.us) is pleased to announce that in June 2025, the organization assisted 193 veterans in obtaining VA disability ratings, a large percentage of which achieved the highest possible rating of 100%. These efforts resulted in a combined total of \$108 million in lifetime VA disability compensation secured for these clients.

These figures reflect VETCOMM US's commitment to supporting veterans through the complex VA disability claims process. The VETCOMM US team provides personalized guidance and claim coaching to help veterans maximize their benefits and access the compensation they are owed for their service-connected disabilities.

"Working with VetComm got me from 90 to 100%," said Justin McDaniel, a Marine Corps veteran. "Their staff was polite and respectful. The communication was great. They would always follow up with me when needed and made sure I had my appointments set up. I also really liked the payment plan option. That was convenient. I would definitely recommend VetComm, and I already have to some of my coworkers, family members and friends."
