

Work. Play. Create. Repeat. INNOCN's Prime Day Deals Deliver Ultra Value for Every Visionary

INNOCN drops up to \$287 off select 40–45" ultrawide monitors this Prime Day — engineered for gamers, creators, and pros who demand more screen and power.

SHENZHEN, GUANGDONG, CHINA, July 4, 2025 /EINPresswire.com/ -- This Prime Day, [INNOCN](https://www.innocn.com) is offering limited-time discounts of up to \$250 off its range of 40 to 45-inch ultrawide monitors, designed for enhanced productivity, immersive gaming, and creative clarity. From July 8 to July 11, several of INNOCN's top-performing monitors will be available on Amazon U.S. at significantly reduced prices.

The future of productivity and immersive entertainment is here — and it's ultrawide.

What if a monitor didn't just show work — but improved it? This Prime Day, INNOCN invites professionals, gamers, and digital creators to step into a bigger, bolder visual experience with ultrawide monitors at never-before-seen prices. From July 8 to July 11, INNOCN is cutting up to \$287 off on its best-selling 40–45-inch monitors — designed for clarity, immersion, and multitasking mastery.

The lineup caters to various user types — from gamers who demand smooth, responsive visuals, to creative professionals working in high-resolution environments, to business users managing multitasking and data-heavy workflows.

▣ FOR GAMERS

INNOCN 44" Ultrawide Gaming Monitor – Model 44C1G

Made for high-intensity play, the 44C1G delivers panoramic visuals with a 32:9 screen ratio and ultra-smooth 120Hz refresh rate. Its AMD Free Sync support reduces lag, while HDR 400 adds rich contrast and brightness. Ideal for competitive players and racing sim fans alike, this monitor was crafted for fast action and faster decisions. Originally priced at \$649.99, it's available for \$449.99 during Prime Day — a \$200 cut that makes it an appealing choice for those weighing long-term value or seeking a timely upgrade.

INNOCN 45" 5K2K Curved Gaming Monitor – Model [45C1R](#)

Immersive gaming meets stunning resolution in the 45C1R. The curved 32:9 screen wraps the viewer in vibrant, 5K2K-level detail, while the 120Hz refresh rate keeps everything fluid — from battle scenes to cinematic playthroughs. The monitor's regular price is \$699.99, but during Prime Day, it drops to \$493.99 — offering a \$206 savings that makes high-end visuals more accessible for gamers looking to level up their experience.

□ FOR CREATORS, DESIGNERS & EDITORS

INNOCN 40" 5K Ultrawide Monitor – Model [40C1U](#)

Visual professionals looking for pixel-perfect precision will find the 40C1U built to deliver. With a 5K ultra-clear resolution and factory-calibrated color accuracy, it's designed to support editors, designers, and illustrators working across detailed visuals and timelines. It combines clarity with a 100Hz refresh rate and broad connectivity. Regularly priced at \$999.99, it will be available for \$712.49 — a \$287.5 discount that positions it as a strong option for those prioritizing both quality and investment in their creative workflow.

INNOCN 45" 5K2K Curved Ultrawide Monitor – Model 45C1R

Also trusted by visual creatives, the 45C1R offers a curved, ultra-wide workspace that enhances focus while providing expansive room for multitasking. Its 5K2K resolution supports deep color grading, 3D modeling, and motion timelines. Regularly \$699.99, it's available for \$493.99 during the sale — offering a rare opportunity to access advanced display performance without the usual premium, making it a practical solution for creatives managing large-scale visual projects.

□□□ FOR BUSINESS PROFESSIONALS AND REMOTE WORKERS

INNOCN 40" 1440p Ultrawide Monitor – Model 40C1R

Built for clarity and control, the 40C1R supports high-efficiency multitasking with a 1440p resolution, 144Hz refresh rate, and features like Picture-by-Picture and Picture-in-Picture modes. Whether used in finance, development, or operations, it simplifies complex workflows by consolidating multiple windows into one immersive view. Originally \$549.99, this model is

marked down to \$379.99 — a \$170 price drop that makes professional-grade performance more reachable for business users upgrading their setup.

With deals designed to meet a wide range of user needs—from immersive gameplay to detailed creative work and streamlined multitasking—INNOCN's Prime Day lineup reflects the brand's commitment to delivering more than just display technology. Each monitor in the collection is thoughtfully engineered to provide users with enhanced visual clarity, expanded screen real estate, and performance-driven features that support productivity and enjoyment in equal measure. Whether upgrading a home setup or investing in professional gear, this limited-time offer presents a valuable opportunity to experience INNOCN's signature balance of innovation and quality. The exclusive discounts are available for a short time only on Amazon, inviting those in search of a smarter, more expansive visual experience to take advantage before July 11 ends.
