20.9%. The growth in the historic period can be attributed to increasing public awareness of genetic neuropathie, growing use of genetic counseling services, increased physician education on rare diseases, enhanced patient advocacy campaigns, and wider availability of neurophysiological testing.

What Is The Projected Market Size And Growth Rate For The Charcot-Marie-Tooth Disease Market?

It is expected to see exponential growth in the next few years. It will grow to \$2.8 billion in 2029 at a compound

annual growth rate CAGR of 20.6%. The growth in the forecast period can be attributed to early screening programs for inherited disorders, growth in neurology and neuromuscular specialty clinics, enhanced reimbursement for rare disease treatments, expansion of insurance coverage for genetic testing, and rise in healthcare spending.

## How Does The Surge In Healthcare Expenditure Impact The Growth Of The Charcot-Marie-Tooth Disease Market?

The surge in healthcare expenditure is anticipated to fuel the growth of the charcot-marie-tooth disease market going forward. Healthcare expenditure is the overall spending on medical services, supplies, and activities aimed at maintaining or improving health. Healthcare expenditure is rising due to the development and adoption of advanced medical technologies, which involve high costs for research, equipment, and specialized training, thereby increasing the overall spending on healthcare services. The rise in healthcare expenditure supports the demand for charcot-marie-tooth disease treatment by enabling greater investment in specialized therapies, diagnostic tools, and supportive care services, thereby improving access to comprehensive disease management.

## Who Are The [Key Players And Innovators In The Charcot-Marie-Tooth Disease Market](#)?

Major companies operating in the charcot-marie-tooth disease market are F-Hoffmann-La-Roche-Ltd, Sanofi SA, Bristol-Myers Squibb Company, Novartis AG, Biogen Inc., Sarepta Therapeutics Inc., Chong Kun Dang Pharmaceutical Corp., Ionis Pharmaceuticals Inc., Ultragenyx Pharmaceutical Inc., Acceleron Pharma, Affectis Pharmaceuticals AG, NMD Pharma, Pharnext SA, MedDay Pharmaceuticals, Inflectis BioScience, Helixmith Co. Ltd., Addex Therapeutics, Augustine Therapeutics, DTx Pharma Inc., ENCell Co
