

From Burnout to Breakthrough: Australian Entrepreneur Brooke Davies Joins Prosperity Of Life's Prestigious 50K Club

Single mum Brooke Davies hits \$50K profit month with her online business, proving what's possible with purpose, flexibility, and a powerful platform.

PHOENIX, AZ, UNITED STATES, July 7, 2025 /EINPresswire.com/ -- Prosperity Of Life is proud to welcome [Brooke Davies](#), a Townsville-based single mum and former finance professional, into its exclusive 50K Club, recognizing individuals who have earned over \$50,000 USD profit within a single 30-day period.

Brooke's journey is one of reinvention. After years climbing the corporate ladder in finance and banking—while raising two young boys and studying at university—she hit burnout.

“

What sets Brooke apart is her consistency and mindset. She applies the same discipline she used in competitive sport to build a world-class business from anywhere.”

Shane Krider

From finance to freedom — Brooke Davies celebrates her 50K Club milestone after building a thriving online business as a single mum of two.

“The life I was living no longer aligned with my values,” Brooke says. “I didn’t want to keep doing it all. I wanted to be present for my kids and create a simpler, more purposeful life.”

In 2018, she transitioned to running a digital business through Prosperity Of Life’s personal development platform. Within her first year, she replaced her full-time income working part-time hours around her family’s schedule. Seven years later, Brooke is thriving—now earning between \$15K to \$35K USD/month, and most

recently crossing \$50K USD in a single month, all while working approximately 5–6 hours per

day.

Brooke's competitive roots run deep. She previously represented Australia internationally in Basque Pelota and recently returned to competitive tennis, advancing from B Grade to A Grade.

"As my tennis improved, my business results grew alongside it. Now I'm achieving A-grade results in both."

Her success has deeply influenced her children, instilling self-belief and goal-setting habits at an early age. Though the journey hasn't been a straight line—starting her business with limited resources and an old car—Brooke reflects on that decision as a pivotal one that has transformed their lifestyle.

[Shane Krider](#), co-founder of Prosperity Of Life, commented:

"Brooke's story is a blueprint for anyone seeking to design life on their own terms. She leads with integrity, focus, and grit—and she's only just getting started."

Brooke now serves clients across Australia, Europe, and North America, empowered by a truly global business model, enhanced with AI tools and remote-working freedom.

Her milestone comes just ahead of the Prosperity Of Life 2025 World Tour, kicking off this August across 11 cities worldwide. With momentum building, the company anticipates more high achievers joining the 50K Club in the coming months as new distributors connect through global training events and business presentations.
