

AI Nebulae, the AI-Powered Financial System Developed by EMX Business Research Institute, Launching October 12, 2025

AI Nebulae by EMX launches October 12, 2025, offering AI and blockchain-powered tools for global investors.

ENGLAND, NY, UNITED STATES, July 7, 2025 /EINPresswire.com/ -- Led by Director Elon Moritz, the [EMX Business Research Institute](https://www.emxj.com/) has announced that its AI-driven financial platform, [AI Nebulae](#), has successfully passed three rounds of regulatory review and is scheduled for official launch on October 12, 2025. This platform integrates artificial intelligence and blockchain technology to offer data-driven decision support tools for navigating the increasingly complex global capital markets.

The graphic features the EMX Business Research Institute logo at the top left. Below it, the title "AI Nebulae" is prominently displayed, followed by a regulatory approval statement: "APPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (SEC), THE FINANCIAL INDUSTRY REGULATORY AUTHORITY (FINRA) AND THE COMMODITY FUTURES TRADING COMMISSION (CFTC). THE SYSTEM WILL BE OFFICIALLY LAUNCHED ON OCTOBER 12, 2025".

Four key points are highlighted in a grid:

- Approval 01:** "Stock Diagnostic Report Accuracy" Rating: **A** Test Accuracy: **92.7%**
- Approval 02:** "Investment strategy accuracy" Rating: **A** Test accuracy: **90.1%**
- Approval 03:** "Cryptocurrency contract trading accuracy" Rating: **S** Test accuracy: **95.7%**
- Objective 04:** Achieve a consensus-based scheduled transaction. Achieve quarterly revenue of **300%-600%**

On the right side, there is a circular inset image showing three people in a meeting, and a circular logo for "AEMX COLLEGE" at the bottom right.

Below the grid, a dark blue banner contains the text: "AI Nebulae, the AI-Powered Financial System Developed by EMX Business Research Institute, to Officially Launch on October 12, 2025".

AI-Powered Algorithms Combined with Blockchain Records

One of AI Nebulae's standout features is its integration of predictive AI models with a blockchain-based record-keeping system. According to EMX, the on-chain architecture ensures enhanced transparency and traceability of internal asset flows and operational records. The platform's native digital asset, AEMX, will be used to unlock platform functions and access data services, fostering a closed-loop intelligent investment ecosystem.

Simultaneous Rollout to Institutions and Retail Investors

EMX confirmed that AI Nebulae will be available to both institutional and individual investors upon launch. The platform offers tiered strategy services, customizable user interfaces, and multi-market asset analysis tools. Initially, it will support USD-based operations, with plans to expand into multi-currency settlement in future phases.

Pre-Registration Now Open

Pre-registration for AI Nebulae is now live on the official website: www.emxj.com. EMX announced that early users will receive priority access to product trials, feature testing, and

strategic feedback opportunities—contributing directly to platform optimization and future development.

About EMX Business Research Institute

EMX Business Research Institute is an innovation-driven organization specializing in the application of artificial intelligence and financial engineering. Headquartered in New York, the institute is dedicated to merging algorithmic technologies with practical asset management. Its ongoing research focuses on smart model development, on-chain financial tool design, and investor behavior analytics.
