

# Join Leading Indian Companies Choosing CloudIBN for VA&PT

*CloudIBN's trusted VA&PT services help Indian businesses detect vulnerabilities, meet compliance, and strengthen cybersecurity.*

PUNE, MAHARASHTRA, INDIA, July 8, 2025 /EINPresswire.com/ -- CloudIBN is proud to announce that a growing number of India's most innovative and security-conscious organizations are choosing its expert-led VAPT Services to strengthen their cybersecurity frameworks. From fintech startups to healthcare leaders and government platforms, CloudIBN is becoming the preferred VA&PT partner across industries looking to identify vulnerabilities, secure digital assets, and achieve long-term compliance.

## Why Leading Indian Companies Are Turning to CloudIBN

In an era of cyber warfare, ransomware attacks, and data breaches, Indian companies understand that cybersecurity is business-critical. Regulatory requirements are becoming more stringent. Customers are demanding more transparency. Investors are assessing risk maturity before funding.

CloudIBN's Vulnerability Assessment and Penetration Testing (VA&PT) services have emerged as a trusted solution, helping organizations not only detect and patch weaknesses, but also improve business resilience, audit-readiness, and investor confidence.

Join the growing league of secure Indian businesses—book your VA&PT with CloudIBN today:

CloudIBN - VAPT Services

## The CloudIBN VAPT Difference

CloudIBN offers more than just a one-time assessment. We deliver an end-to-end VA&PT lifecycle that enables our clients to maintain an evolving security posture:

### 1. Scoping & Risk Profiling

We start by identifying all digital assets and aligning test objectives with business priorities and compliance frameworks (RBI, IRDAI, SEBI, etc.).

### 2. Hybrid Testing Approach

Our VAPT Services blend automated tools with deep manual penetration testing—simulating real-world cyberattacks that uncover hidden vulnerabilities.

### 3. Compliance-Ready Reports

Whether you're preparing for ISO 27001, PCI DSS, GDPR, or CERT-In audits, our reporting format is tailored for both IT teams and auditors.

### 4. Remediation & Retesting

We don't just leave you with a list of problems—we help you solve them. Our remediation support ensures quick patching and validation through retesting.

## Why the Best Choose CloudIBN

Here's why top-performing companies select CloudIBN as their cybersecurity partner:

1. 26+ years of experience in IT and cybersecurity
2. Certified professionals – OSCP, CEH, CISSP, CISA
3. Pan-India presence and sector-specific knowledge
4. Toolkits mapped to global standards – OWASP, NIST, SANS, ISO
5. Proven track record – 1000+ VAPT assessments completed

We don't just assess—we partner. We don't just report—we remediate. That's why India's top companies choose us.

## A Closer Look at the Business Benefits of VAPT

A VA&PT assessment doesn't just check compliance—it creates business value:

1. Identifies attack surfaces before hackers do
2. Reduces chances of ransomware and phishing attacks
3. Ensures product and app security before go-live
4. Strengthens position during funding, M&A, and audits
5. Enhances brand trust and investor confidence

For Indian companies planning to scale, enter new markets, or adopt cloud infrastructure—CloudIBN's VAPT Services are a mission-critical asset.

India's digital revolution is underway, and the companies leading it are choosing CloudIBN for their cybersecurity needs. Our [VAPT Audit Services](#) have become a benchmark for security maturity, risk readiness, and compliance excellence. From fintech unicorns and public sector giants to fast-scaling startups, businesses across India are trusting CloudIBN to help them stay

secure, compliant, and competitive. Now it's your turn.
