

The Nu-Age Group Expands Services With Coresite Data Center Solutions

The Nu-Age Group Partners with Coresite to Deliver Compliant, Scalable, and Secure Data Center Solutions Nationwide

Managing Your Technology While Eliminating Business Risk

SECAUCUS, NJ, UNITED STATES, July 9, 2025 /EINPresswire.com/ -- The Nu-Age Group, a leading provider of nationwide [Managed IT](#) and [Cybersecurity](#) Services, proudly

announces its strategic partnership with CoreSite, a premier enterprise-class data center, cloud access, and interconnection solutions provider. This alliance enhances The Nu-Age Group's infrastructure capabilities and underscores a mutual commitment to delivering highly secure, compliant, and scalable IT environments to clients across all regulated industries.

As businesses face increasing cybersecurity threats and regulatory pressures, The Nu-Age Group sought a data center partner with a proven track record in compliance, reliability, and performance. Both The Nu-Age Group and CoreSite's facilities are independently audited and certified to meet or exceed industry standards, including:

*SOC 1 Type 2 & SOC 2 Type 2**

*ISO/IEC 27001:2013**

*HIPAA**

*PCI DSS**

*NIST 800-53**

*FISMA and FedRAMP alignment**

This level of compliance aligns seamlessly with The Nu-Age Group's managed services framework, which is built to support clients in finance, healthcare, legal, and government sectors—industries where data protection and regulatory compliance are paramount.

"This partnership with CoreSite strengthens our ability to offer enterprise-class infrastructure with the confidence of regulatory alignment," said Anthony Chillino, President of The Nu-Age Group. "Our clients can now leverage The Nu-Age Group state-of-the-art facilities, knowing their

systems and data are hosted in environments that meet the strictest compliance and security standards.”

Through this partnership, clients will benefit from:

- *Geographically diverse, Tier III+ secure data center locations
- *Direct access to cloud providers such as AWS, Microsoft Azure, and Google Cloud
- *High-performance, low-latency network connectivity
- *Redundant power, cooling, and physical security infrastructure
- *24x7x365 compliance monitoring and support through The Nu-Age Group’s managed services team

Together, The Nu-Age Group and CoreSite are redefining the managed IT experience—offering fully managed, compliant, and secure infrastructure tailored for today’s risk-aware, always-on enterprise.
