

Seadmok Water Expands Utility Services to Michigan and Maryland Amid Rising Demand

Seadmok Water extends its reliable utility services to Michigan while continuing to serve Maryland communities with expert water and sewer solutions.

COLUMBIA, MD, UNITED STATES, July 10, 2025 /EINPresswire.com/ --

Seadmok Water, a [trusted utility contractor in Maryland](#), is expanding its operations to include Grand Rapids, Michigan, as it responds to growing demand for reliable water and sewer services. Headquartered in Columbia, Seadmok is known for fast response times, technical precision, and exceptional customer service across residential, commercial, and municipal utility projects.

A trusted utility contractor specializing in water and sewer services, now expanding from Maryland to Grand Rapids with expertise in fire hydrant maintenance and emergency response.

“

Our mission is to make water and sewer services stress free through expertise and clear communication, setting a higher standard across Maryland and now in Michigan.”

*Sidney Sogbor, CEO of
Seadmok Water*

With both Maryland and Michigan facing mounting infrastructure challenges due to aging systems and ongoing development, Seadmok Water delivers a comprehensive range of essential services. These include [Water House Connection Services](#), water main replacements, sewer lateral installations, and [Fire Hydrant Preventative Maintenance](#). The company also offers 24/7 emergency assistance, providing responsive solutions when it matters most.

To better serve communities in the Midwest, Seadmok Water recently launched its Grand Rapids, Michigan

operations. This expansion allows Seadmok to bring its high standards of precision and customer care to a new region, offering the same expert services now available in Maryland.

Client feedback continues to reflect Seadmok’s performance-driven approach. Paula Dwyer, a business owner, shared:

“Seadmok got the job done. They provided quality work in a timely fashion at a reasonable cost. I would not be open without them.”

Another customer, Diane Seibert, noted:

“Seadmok Water’s team was professional, competent, and respectful of our property as they installed a new water line. Highly recommend their company.”

One standout project in historic Ellicott City demonstrated Seadmok’s technical strength and speed. The company was contracted to install a fire line for Georgia Grace Café, which involved abandoning two domestic lines, installing a six by four tee on a six inch main, running a four inch ductile iron pipe into the building, and completing full asphalt restoration. The complex job was delivered in just twenty seven hours, outperforming larger firms on both cost and timeline.

Seadmok Water crew members in action, delivering expert utility services with precision and care—reinforcing the company’s commitment to safe, high-quality infrastructure across communities.

Beyond residential and commercial work, Seadmok is a top provider of fire hydrant services in Maryland and now in Michigan, helping municipalities maintain safety and compliance. The company’s expertise in water valve repair in Howard County, MD, and beyond makes it a trusted partner for critical utility solutions.

Seadmok Water is fully certified and approved by major authorities including the Maryland Department of Transportation, Baltimore City, Howard County, and the District of Columbia. These credentials support the company’s ability to manage complex jobs across both public and private sectors.

With expanding operations in Prince George’s, Montgomery, Anne Arundel, and Baltimore counties as well as in Grand Rapids, Michigan, Seadmok Water continues to grow as a regional leader in utility infrastructure services.

About Seadmok Water:
