This launch marks a significant milestone in Manzil’s mission to deliver ethical, values-driven financial solutions across North America. Through a strategic partnership with Alpaca Securities LLC, a FINRA-registered broker-dealer, Manzil Invest USA provides seamless access through curated portfolios of a universe of halal stocks and ETFs, screened in accordance with recognized Islamic financial principles.

“Our goal has always been to empower Muslims with ethical and accessible financial solutions that align with their values,” said Dr. Mohamad Sawwaf, Group CEO of Manzil. “With the launch of Manzil Invest USA, we are expanding that vision to the American market, where the

demand for authentic, Shariah-compliant investment platforms continues to grow. This product is a direct response to the community’s desire for tools that help them grow wealth with integrity.”

Khurram Agha, Chief Investment Officer and Head of Manzil USA, added, “We’ve built this platform from the ground up to meet the expectations of Muslim investors who want both performance and purpose. By partnering with Alpaca, we’re able to offer a modern, mobile-first

experience. All securities available through the platform are pre-screened using the [AAOIFI](#) standards and further filtered through American Friends Screening Criteria (AFSC) to ensure compliance with both Islamic and ethical investing principles.”

Manzil Invest USA gives investors access to a wide range of halal investment options, backed by rigorous financial and sector screening to exclude companies involved in alcohol, tobacco, gambling, weapons, interest-based financial services, and other non-compliant activities. The platform also includes educational tools to support informed decision-making and long-term financial planning.

This U.S. expansion reflects Manzil’s commitment to making ethical, inclusive financial services more widely accessible and relevant to the growing Muslim population in North America.
