

# Ola Digital Health Partners with Elite Care Provider Network to Expand Telehealth Access Across All 50 States

*In a pivotal advancement for nationwide digital healthcare delivery, Ola Digital Health today announced its partnership with Elite Care Provider Network (ECPN)*

NEW YORK, NY, UNITED STATES, July 11, 2025 /EINPresswire.com/ -- New York, NY — [10th July 2025] In a pivotal advancement for nationwide digital healthcare delivery, Ola Digital Health today announced its partnership with [Elite Care Provider Network \(ECPN\)](#), a leading professional corporation comprising board-certified physicians and nurse practitioners licensed across all 50 states.

## Ola Digital Health Partners with Elite Care

This collaboration unlocks a robust clinical infrastructure for Ola's white-label telehealth clients, enabling the rapid launch of virtual healthcare services with pre-credentialed providers, built-in compliance, and state-wide scalability.

“Partnering with ECPN allows us to ensure that patients, regardless of location, have reliable access to experienced clinicians,” said Deep as IT director, a spokesperson for Ola Digital Health.

“This relationship reinforces our commitment to bridging care gaps and delivering seamless virtual experiences, whether patients need primary care, virtual urgent care, testosterone therapy, skin care, or innovative treatments like peptides and NAD therapy.”

Through the ECPN network, Ola-powered clinics can immediately offer:

- Primary Care & Virtual Urgent Care

- [Chronic Condition Management](#)

- Testosterone Replacement Therapy (TRT) with full lab integration
- Peptide Therapy for Wellness & Recovery
- Hair Loss Treatments & Skin Care Consultations

The providers support both synchronous (live video and phone) and asynchronous (store-and-forward) consults, aligning with modern telemedicine protocols and patient convenience expectations.

With a user-friendly digital experience and enterprise-grade privacy features, Ola Digital Health empowers entrepreneurs, physician groups, and wellness brands to launch branded telehealth offerings without the friction of clinical recruiting, credentialing, or compliance overhead.

By integrating the ECPN workforce, Ola expands access to a flexible, licensed, and experienced clinical team capable of supporting diverse care models, from concierge medicine and peptide therapies to national-scale primary care.
