

Canopy Connect and Sembley Partner to Enhance End-to-end Insurance Intake and Submission Process

Readily transfer verified insurance data and documents into Acord forms and supplemental applications

BEAVERTON, OR, UNITED STATES, July 15, 2025 /EINPresswire.com/ -- Canopy Connect, the leading insurance verification technology provider, and Sembley, an advanced intake and submission software, today [announced a partnership highlighted by an integration](#) that takes verified insurance data from Canopy Connect and sends it to Sembley to easily fill hundreds of Acord forms and supplemental applications.

Covering a majority of the commercial P&C insurance market, Canopy

Connect can retrieve more than 250 data fields from more than 300 P&C insurance carriers through their consumer-permissioned data sharing technology. By selecting their insurance carrier and signing in, an agency client or prospect can share their insurance information with an insurance agency.

“

Together, we're able to deliver an amazing commercial insurance experience from intake through submission.”

Tolga Tezel, CEO and Founder of Canopy Connect

“Canopy Connect has set the standard for how insurance data should be collected—securely, instantly, and with zero friction for clients,” said [Jeremy Peskin, CEO of Sembley](#). “This integration gives agents using Sembley direct access to their clients’ existing policies, eliminating the usual back-and-forth and helping them start every submission with complete, accurate information.”
