Key Highlights:

By offering patient-assistance "Leans," we ensure that cost never stands between someone and the chance to live pain-free."

Dr. James Keppler

Personalized CBP Adjustments & 3D Spine Simulation
Dr. Keppler leverages X-ray analysis and 3D modeling to tailor each corrective plan to a patient's unique spinal curvature.

Advanced Therapeutic Services
From non-surgical spinal decompression and mechanical traction to therapeutic massage and targeted rehabilitation exercises, the clinic addresses a full spectrum of

neuromusculoskeletal conditions.

Auto-Accident & Walk-In Care

Same-day appointments and weekend walk-in availability ensure urgent needs—from whiplash

to chronic back pain—are met without delay.

Patient-Assistance “Leans”

Flexible payment plans for qualifying patients, alongside acceptance of all major insurance and Medicaid, remove financial barriers to essential care.

Community Outreach & Education

Dr. Keppler regularly partners with local organizations to teach posture, ergonomics, and preventive health strategies.

“Our mission is simple: deliver lasting, natural results through proven science and compassionate care,” says Dr. James Keppler, DC. “By offering patient-assistance ‘Leans,’ we ensure cost never stands between someone and the chance to live pain-free.”

Patient Success Story

“I arrived unable to walk without pain,” recalls Maria Hernandez. “Dr. Keppler’s custom treatment plan—and the payment assistance option—gave me back my mobility and my weekends back on the trails.”
