

# Denver's BKC Kitchen and Bath Wins Two 2025 Chrysalis Awards for Remodeling Excellence

*The Awards Program Recognizes the Nation's Best Work in Residential and Commercial Remodeling*

ENGLEWOOD, CO, UNITED STATES, July 14, 2025 /EINPresswire.com/ --

Continuing to set new standards of professionalism, 66 remodeling companies from across the United States were named winners at the 2025 Chrysalis Awards for Remodeling Excellence. The entries were judged on overall design, the creative use of space and materials, and the degree to which the project enhanced the original structure. BKC Kitchen and Bath is honored to win both national and regional awards in this year's competition.

Previously the recipient of Chrysalis Awards in 2023 and 2024 for outstanding kitchen renovation, BKC is proud to receive two awards this year — the only company to receive double recognition in the 2025 competition. BKC Designer Jennie Showers received the National Award in the Kitchen Renovation \$75,000-\$150,000 category. BKC Designer Candice Hill received the Regional Award in the Kitchen Renovation <\$75,000 category.

National Chrysalis Award for Remodeling Excellence

Regional Chrysalis Award for Remodeling Excellence

"This is the third consecutive year BKC Kitchen and Bath has won a Chrysalis award," says Ken

Kanline, Director of the Chrysalis Awards. "This year, they received two awards – national and regional in their respective categories – which demonstrates their ongoing commitment to excellence."

## About the Winning Projects

### National Award for Kitchen Renovation \$75,000-\$150,000: Modern Textured Walnut Kitchen

This extensive renovation project, thoughtfully designed by Jennie Showers, converted a choppy, dysfunctional space into an open, flowing kitchen. The improved design removed an unworkable pantry, created a dedicated beverage wall with wine storage and built-in espresso maker, and introduced a larger island to accommodate up to six people. The redesign of the space, which features contemporary cabinetry from [Primary Kitchen](#), dramatically improves functionality. The clients are encouraged to cook more frequently and enjoy their kitchen as the true heart of their home.

"Primary Kitchen's success is a direct result of working with the best kitchen and bath showrooms in any given market. In the Denver market, there is no doubt that BKC Kitchen and Bath fits that description," remarks PK representative, Corbin Campbell. "Their expert design team, paired with our high-tech manufacturing, creates stunning spaces that homeowners cherish."

### Regional Award for Kitchen Renovation <\$75,000: Refined French Country Kitchen

The original kitchen in this century-old Denver Craftsman Bungalow was cramped and dimly lit. The new design, skillfully crafted by Candice Hill, transformed the space into an airy and bright culinary retreat. While respecting the home's architectural heritage, Candice created a modern, functional space that features a sophisticated black and white palette with European farmhouse elements. The transitional design, featuring premium David Bradley Cabinetry, maintains clean lines with subtle detailing while delivering a refined French Country charm that perfectly fulfills the client's vision.

"It's always an honor to see our cabinetry used in such inspiring ways. BKC Kitchen and Bath continues to elevate kitchen design, and this award-winning project is a testament to their talent and vision," shares Koch and Co., parent company of David Bradley. "We're proud to be part of a renovation that blends beauty, function, and craftsmanship so seamlessly."
