Farrah Mechael

As summer heats up, Farrah is not letting up; delivering yet another banger that calls out what everyone secretly wants. "Attention" is a how-to record that shows you exactly how to ask for what you crave most: attention.

"Attention" continues Farrah Mechael's streak of high-energy releases this year, reinforcing her place as one of

pop's most dynamic voices. From mainstream playlists to the underground dance floor, "Attention" is poised to be the soundtrack of unapologetic confidence this season.

"Everyone wants it, but no one knows how to ask," says Farrah's sister, songwriter Tamara Mechael. "I wrote this song because people are always doing the most trying to get attention instead of simply asking for it. This song gives you a DIY approach on how to do exactly that."

["Attention" is now streaming on all major platforms.](#) Stay tuned for the official music video dropping soon via Scorpio Productions. Follow Farrah Mechael on social media for exclusive behind-the-scenes content, upcoming live performance announcements, and more.
