

ConServ Introduces 18 cu. ft. Top Mount Refrigerator with Pre-Installed Ice Maker for Efficient Apartment Living

HOUSTON, TX, UNITED STATES, July 14, 2025 /EINPresswire.com/ -- ConServ, a division of Equator Advanced Appliances, announces the launch of the [TMRI 180 S](#), a freestanding 30-inch top mount refrigerator with a factory-installed ice maker, designed to meet the everyday refrigeration needs of apartment dwellers and small households. With 18.16 cu. ft. of total capacity and ENERGY STAR certification, this unit balances performance, capacity, and efficiency in a modern design.

Measuring 66.4 x 29.5 x 30.75 inches (HxWxD), the TMRI 180 S offers flexible storage for a range of household items, including gallon jugs and oversized containers. It comes equipped with two adjustable glass shelves, four door bins, and a designated butter box in the refrigerator compartment. The freezer section includes an additional shelf and the convenience of a pre-installed automatic ice maker.

The unit's frost-free operation and electronic temperature controls streamline maintenance and ensure consistent interior temperatures. A bright interior light enhances visibility, while the fingerprint-resistant stainless steel finish contributes to a sleek, low-maintenance exterior. Reversible door hinges and adjustable feet provide flexibility in placement, allowing the refrigerator to adapt to various kitchen layouts.

"The TMRI 180 S is engineered to offer maximum value in compact living environments," said
