The newly launched Integrated Management Systems (IMS) training programs are designed to provide a holistic understanding of critical management systems:

- Integrated Management Systems (IMS) Lead Auditor Training Program: This comprehensive

program includes six on-demand e-courses: ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 Lead Auditor, ISO 31000:2018 Risk Management Guidelines, Good Documentation Practice (GDP), and Failure Mode and Effects Analysis (FMEA).

- Integrated Management Systems (IMS) Internal Auditor Training Program: This program features three essential on-demand e-courses: ISO 9001:2015 Internal Auditor, ISO 45001:2018 Internal Auditor, and ISO 14001:2015 Internal Auditor.

The newly launched Certified Lead Implementer Auditor Training programs are designed to provide both Lead Auditor Certification and a detailed training of our 8-Step Management System Implementation Methodology with key Implementation tools, techniques and best practices. We have launched the following Lead Implementer programs and will continue to launch in other Management Systems in 2025.

- [ISO 9001:2015 Lead Implementer Certification](#): This 40-hour on-demand training program teaches a detailed understanding of the requirements of the ISO 9001:2015 Quality Management System, ISO 19011:2018 Lead Auditing and Implementation of the ISO 9001 management system as a Certified ISO 9001 Lead Implementer.
- ISO/IEC 27001:2022 Lead Implementer Certification: This 40-hour on-demand training program teaches a detailed understanding of the requirements of the ISO 27001:2022 Quality Management System, ISO 19011:2018 Lead Auditing and Implementation of the ISO 27001 management system as a Certified ISO/IEC 27001:2022 Lead Implementer.

Velocity 360 USA Training is also highlighting its continually updated suite of specialized courses that address critical industry needs, now with tiered certification options: Velocity 360 USA Training offers comprehensive courses including, Certified Manager, Certified Lead Implementer, Certified Lead Auditor, Certified Internal Auditor, and Requirements courses for each of the new management system training portfolios.

- ISO 22301:2019 - Business Continuity Management System (BCMS) Courses: ISO 22301 is an international standard that outlines the requirements for a Business Continuity Management System (BCMS). A BCMS helps organizations plan for, respond to, and recover from disruptive incidents,1 minimizing downtime and ensuring the continuity of critical business functions.
- [ISO/IEC 20000-1:2018 - Information Technology Service Management \(ITSM\)](#) Courses: ISO/IEC 20000-1 is the international standard for Information Technology Service Management (ITSM). It provides a framework for organizations to ensure their IT services are delivered effectively and meet the needs of the business, specifying the requirements for implementing an IT service management system (SMS).
