

UNHOLY TV Becomes One of the Fastest-Growing Horror Channels on YouTube — Monetized in Under Two Weeks

UNHOLY TV shocks the algorithm with its explosive launch, monetizing in record time while spotlighting award-winning indie horror from the global fest circuit.

LOS ANGELES, CA, UNITED STATES, July 14, 2025 /EINPresswire.com/ -- In a streaming world filled with safe, algorithm-driven horror, UNHOLY TV is unleashing something far more dangerous — and audiences are eating it up.

The newly launched indie horror channel has officially been monetized on YouTube in less than 14 days, a rare and explosive milestone for any independent brand.

Built by filmmakers and powered by fans, UNHOLY TV showcases only proven winners — short films and series that have already racked up awards and acclaim at the top horror film festivals in the world. This isn't random content — it's a curated bloodbath of the best in indie horror.

"We're not here to follow trends — we're here to highlight the filmmakers that horror fans actually care about," says Chris Vecchio, founder of UNHOLY TV and director of the award-winning fan film *The Evil Three*. "UNHOLY TV gives these creators a platform and gives fans something real — not watered-down studio horror."

WHAT SETS UNHOLY TV APART:

Monetized in under two weeks — faster than most major creators

Proven festival winners — hand-picked indie horror from global competitions

Original scare content — scare pranks, kill-count tributes, and horror micro-series

Fair filmmaker compensation — creators actually get paid

Weekly fan reward system — watch, comment, and win horror merch and collectibles

THE REBELLION IS FUNDED BY FANS — INDIEGOGO CAMPAIGN NOW LIVE

With its meteoric growth underway, UNHOLY TV has launched an Indiegogo campaign to fuel the next phase. Every dollar raised helps license more top-tier horror, support independent creators, and expand the fan-reward system that makes UNHOLY TV the only platform where viewers and filmmakers both win.
