

24/7 SOLUTIONS ANNOUNCES POWERHOUSE PEERS FOR HOME CARE ADMIN STAFF

Offers systematic support that helped founder scale to 1 million hours of care/year.

NASHVILLE, TN, UNITED STATES, July 15, 2025 /EINPresswire.com/ -- [24/7 Solutions](https://www.247solutions.co), a leading provider of consulting, training, and peer accountability services for the home care industry,

“

We’ve already had such an enthusiastic response from clients who have piloted this and from conversations with franchisors. We can’t wait to bring this long-awaited service to the industry as a whole.”

Emily Isbell

announced new peer accountability and coaching groups for administrative staff. These groups will offer the same systematic support that helped 24/7 Solutions’ founder, Emily Isbell, scale to provide over 1 million hours of care per year.

“This is a service that our clients have been begging us to provide,” said Isbell. “We can take over managing their team so they can focus on being the leader.”

The service will identify the Key Performance Indicators (KPIs) and metrics most important for the business, then

hold weekly accountability check-ins with staff to ensure progress is on track and provide coaching to improve performance. This will be accompanied by monthly roundtables with non-competing peers in other organizations to receive support and share best practices, along with monthly 1:1 time with an expert accountability coach. The owner will receive a quarterly review and audit of services.

“We’ve already had such an enthusiastic response from clients who have piloted this and from conversations with franchisors,” Isbell added. “We can’t wait to bring this long-awaited service to the industry as a whole.”
