Data Centre Expo Europe 2025 Returns to Amsterdam

Data Centre Expo Europe 2025 Returns to Amsterdam – The Premier Event Tackling Key Challenges in Data Centre Innovation

BRISTOL, BRISTOL, UNITED KINGDOM, July 15, 2025 /EINPresswire.com/ -- Data Centre Expo Europe 2025 Returns to Amsterdam – The Premier Event Tackling Key Challenges in Data Centre Innovation

RAI Amsterdam, Netherlands
24–25 September 2025
https://datacentrecongress.com/europe/

Data Centre Expo, one of Europe's largest enterprise Data Centre Innovation events, is back in Amsterdam this September. Taking place at the RAI Amsterdam on 24–25 September 2025, as part of TechEx, the event will host 8,000+ senior tech professionals for two action-packed days of strategic insight, groundbreaking innovation, and powerful networking.

Designed for IT decision-makers across key industries, Data Centres Expo offers a range of opportunities for delegates looking to explore AI's Impact, Energy Efficiency, Future-Proofing, Infrastructure & Operations, and Security & Resilience, showcasing advancements shaping the future of data centres.

Hear From Global Tech Leaders

With 200+ speakers confirmed, across co-located events, attendees will gain firsthand insights from top-tier leaders shaping the tech landscape:

Vladimir Prodanovic, Principal Program Manager, NVDIA
Ishsaak Khan, EMEA Associate Director, Data Centres, UBS
Simon Goldthorpe, Senior Director, Global Operations xScale, Equinix
Kasper Dessing, Director - Global Building Management Optimization (Applied AI), Digital Realty
Simon Wynne, Global Director of Energy Efficiency, NTT Global Data Centres
Vishnu Acharya, Head of Network Infrastructure EMEA, Platform Engineering, Uber
and many more from BP, Green Mountain Data Centres, Data4 Group and beyond.
