

Ensoftek Welcomes K.A.M Alliance to the DrCloudEHR Community

Bringing Modern EHR Technology to Support Child Welfare, Housing Advocacy, and Substance Use Programs in Illinois

BEAVERTON, OR, UNITED STATES, July 16, 2025 /EINPresswire.com/ -- Ensoftek, Inc., is pleased to announce that K.A.M Alliance, a provider of community-focused behavioral health and family support services, has selected [DrCloudEHR™](#) as its [electronic health record](#) platform.

With two locations in the Chicago area, K.A.M Alliance supports families involved with DCFS, provides housing advocacy in Lake County, and delivers licensed DUI services through the State of Illinois. Their team offers short-term, impact-driven interventions designed to help families access resources, stabilize housing, and reduce risk to children.

The decision to adopt DrCloudEHR marks a significant step in improving how K.A.M Alliance manages care, ensures compliance, and serves their communities.

"K.A.M Alliance is doing vital work in Illinois, supporting families when they need it most," said Ramana Reddy, CEO of Ensoftek. "We are proud to support their mission by equipping their teams with technology that simplifies documentation, strengthens care coordination, and reduces time spent on administrative tasks."

Empowering Better Care Across Services

With DrCloudEHR, K.A.M Alliance will have access to a suite of tools designed specifically for behavioral health and human services agencies. These include:

- Streamlined Care Delivery – From intake to discharge, teams can document efficiently while focusing on client engagement and outcomes.
- Care Coordination Tools – Integrated features like telehealth, secure messaging, and a user-friendly patient portal improve collaboration across teams.
- DUI and Housing Program Support – The platform adapts to K.A.M's unique programs with flexible workflows and reporting.
- Billing & Compliance Built In – Payer-specific billing rules and audit-ready documentation help reduce claim denials and meet state and federal requirements with ease.

This partnership reflects a shared vision for accessible, high-quality care that's both client-centered and operationally sustainable.
