

Patent Services USA Announces Issuance of Patent A Win for Independent Inventors

A newly issued design patent marks a major success for innovation secured with expert guidance from Patent Services USA. Learn how we can help you too !

MIAMI, FL, UNITED STATES, July 17, 2025 /EINPresswire.com/ -- Patent Services USA, INC is proud to announce the successful granting of U.S. Design Patent No. D XXX, ,661, a major milestone for innovation and invention protection in the United States.

This newly issued design patent represents another example of how everyday inventors can turn big ideas into protected intellectual property. The patent covers a unique ornamental design for a frozen rotor removal tool, now officially recognized and protected by the United States Patent and Trademark Office (USPTO). We congratulate the inventor on this remarkable achievement.

At Patent Services USA, we specialize in helping inventors nationwide secure design and utility patents, providing a full suite of professional services including:

“

Securing a patent is a powerful step toward protecting innovation, and we're proud to support inventors on that journey”
Rick Blake

Comprehensive patent search and analysis
