LAS VEGAS, NV, UNITED STATES, July 17, 2025 /EINPresswire.com/ -- This isn't just a tour; it's the 8th annual [Pilates](#)

family reunion on wheels. For the sixth year, OnlinePilatesClasses.com (OPC) is bringing its vibrant online community to life, hitting the road for its beloved [summer tour](#), proudly presented by title sponsor Balanced Body®, the world's leading resource for Pilates, mind + body movement equipment, and professional training.

“

I can't even begin to tell you what this tour means to me. Our community is everything—it's the soul of what we do at OPC," says founder Lesley Logan."

The heart of OPC has always been its people. Now, founders [Lesley Logan](#) and Brad Crowell are packing up their signature eye-popping colorful OPC tour van, grabbing their co-pilot (and adored dog) Bayon, packing the Contrology Reformer, Mat, and Spine Corrector, and hitting the road to hug, high-five, and move with the members they call family. The journey kicks off in Phoenix on July 25th, weaving through 15 cities before a final

celebration in Las Vegas on August 17th. This tour is the ultimate expression of the OPC community, turning screen names into smiling faces and virtual workouts into real-life connections.

"I can't even begin to tell you what this tour means to me. Our community is everything—it's the soul of what we do at OPC," says founder Lesley Logan. "For me, this isn't a work trip. This is me and Brad getting in our van to go visit our people and make new friends. It's about getting to see the faces I see in my classes online, to share stories, and to feel that incredible energy when we all move together in the same room. Partnering with Balanced Body, who shares our passion for community, makes it all the more special. We are counting down the days until we can get on the road!"
