PHOENIX, AZ, UNITED STATES, July 23, 2025 /EINPresswire.com/ -- Houzeo, America's Real Estate Super App, has introduced its innovative home search feature, Intuitive Filters, to its mobile app. With this feature, users can apply map-based filters to search for their desired home directly from their smartphones.

Find your dream home faster with Houzeo's Quick Filters – the easiest way to search homes for sale in Arizona!

With more than 85,000 listings across Arizona, buyers end up wasting their time scrolling endlessly to find the right properties. The Intuitive Filters feature lets buyers search specific properties by letting them tap visual filters like New Construction, Price Cut, No HOA, and Open House directly from their smartphones. For example, someone focused on [Arizona homes for sale](#) without HOA fees and reduced prices can instantly pull up those specific results.

Key Benefits for Users:

1. **Single-Tap Filters:** Buyers can select filters like Open Houses, 3D Tour, and Investor Specials to quickly view relevant properties on the map.
2. **Multi-Filter Power:** Buyers can apply two or more filters at the same time to get more targeted search results. For example, new [homes for sale in Buckeye](#) with reduced prices and without HOA fees, or investment opportunities in Scottsdale with scheduled open houses.
3. **Hot Homes:** Properties that have been getting the most traction in the form of agent enquiries, scheduled showings, and received offers are tagged as Hot. This filter helps buyers identify in-demand homes they might want to take quick action on.
4. **Local Listings:** Whether buyers want to check out ranch-style properties in the entire [Arizona real estate](#) market or focus on contemporary desert homes in Phoenix, they can do it with Intuitive Filters.
