The REI Protect Seal of Approval is awarded to fertility practices that meet the highest standards in IVF lab safety, clinical protocols, and ethical care. It reflects a practice's dedication to protecting patients and their future families through rigorous quality assurance and innovation.

“

With the REI Protect Seal, our patients can feel confident that their care is grounded in safety, science, and compassion.”

Dr. Molina Dayal

“This seal isn't just a badge, it's a promise,” said Dr. Maureen Schulte, reproductive endocrinologist at STL Fertility. “It represents our commitment to delivering the safest, most effective fertility care possible, while supporting our patients with empathy and expertise at every step of their journey.”

A Commitment to Excellence in Every Detail

STL Fertility's recognition by REI Protect reflects the clinic's investment in both advanced technology and personalized care. Key differentiators include:

- Double-board certified, fellowship-trained physicians
- 100% physician-owned, all-female team
- CAP & CLIA certified IVF laboratory

- IMT Matcher™ Technology for secure, barcode-based specimen tracking
- Success rates that exceed regional and national benchmarks, validated by the Society for Assisted Reproductive Technology (SART)

Supporting Patients Through Every Step of the Journey

STL Fertility's mission is to champion all patients in their pursuit of parenthood. The clinic is known for its heart-driven approach, offering not only cutting-edge fertility treatment but also emotional support and guidance tailored to each individual's journey.

"Whether you're just beginning or continuing your fertility journey, you deserve peace of mind," said Dr. Molina Dayal. "With the REI Protect Seal, our patients can feel confident that their care is grounded in safety, science, and compassion."
