Eric Kaplan, owner of The Good Feet Store in Tucson

Situated at 7315 N. Oracle Road, Suite 103, the Tucson store is part of nearly 300 locations open now nationwide and is part of a strategic growth initiative that stands to open approximately 40 locations in 2025. As with all the brand's stores, the Tucson location will offer customers a no-obligation, free, personalized in-store fitting with a trained Good Feet Arch Support Specialist.

"Everything is connected," said Pamela Mehta, MD, a

board-certified orthopedic surgeon and Chief Medical Officer of Modern Performance + Recovery Brands. "Oftentimes people with low back pain, knee pain, or hip pain don't even

recognize that it's actually coming from the poor support they have in their feet. The Good Feet 3-Step Arch Support System is clinically proven to provide significant pain relief in only 4 weeks*, as found in an independent, academic study.

For more than 30 years, The Good Feet Store has been an innovator in foot health and wellness — and it starts with Good Feet Arch Supports.

Consisting of three types of arch supports, the Good Feet Arch Supports System works in concert to provide

better pain relief, performance, balance and comfort. By focusing on all four arches in the foot, the supports are designed to keep the foot in the ideal position for the body, which helps to eliminate the pain felt in the feet, knees, hips and back.
