

# Lovell Earns NABP Drug Distributor Accreditation, Strengthening Compliance for Federal Pharmaceutical Distribution

*Accreditation affirms Lovell's operational integrity and expands access for VA, DoD, and IHS customers*

PENSACOLA, FL, UNITED STATES, July 22, 2025 /EINPresswire.com/ -- Lovell Government Services (Lovell), a Service-Disabled Veteran-Owned Small Business (SDVOSB), has earned Drug Distributor Accreditation from the National Association of Boards of Pharmacy (NABP). This distinction verifies that Lovell meets NABP's nationally recognized standards for safe, secure, and legally compliant prescription drug distribution.

NABP works in partnership with state boards of pharmacy and regulatory bodies across the United States to uphold the integrity of the pharmaceutical supply chain. Its Drug Distributor Accreditation program evaluates wholesale distributors based on a comprehensive set of criteria, including licensure verification, facility security, storage controls, operational transparency, and traceability.

This is Lovell's first NABP accreditation and marks a milestone in the company's growth as a reliable pharmaceutical channel for federal health care agencies. It supports compliance with the Drug Supply Chain Security Act (DSCSA) and reinforces Lovell's readiness to serve customers, including the Department of Veterans Affairs (VA), Department of Defense (DoD), and Indian Health Service (IHS).

"Earning NABP accreditation validates the rigor of our internal processes and our commitment to safely serving federal customers," said Chris Lovell, CEO of Lovell Government Services. "It gives our agency partners peace of mind when sourcing pharmaceuticals and medical devices through Lovell."

The accreditation ensures that Lovell's pharmaceutical operations meet national best practices in areas such as:

- Verified state licensure across all distribution zones
- Controlled temperature monitoring and product storage
- Chain-of-custody tracking and documentation
- Facility security and personnel compliance

Earning NABP accreditation not only validates Lovell's credibility as a pharmaceutical distributor but also enhances its ability to streamline procurement and reduce administrative barriers for partners.
