CLEVELAND, OH, UNITED STATES, July 22, 2025 /EINPresswire.com/ -- [Moving Ahead Services](#), a leading logistics and moving company, proudly announced its partnership with the Cleveland Guardians, WTAM 1100, KISSFM, and WGAR 99.5 to support The Providence House's annual "Stuff the Truck"

donation drive. The company provided crucial trucking and logistical support for the community outreach event held on July 19, 2024, at Gateway Plaza.

“

The collaborative effort brought together Cleveland's sports and media communities to support Providence House, a local organization that provides free, voluntary, 24/7 loving care to newborn babies through children aged 12 whose families are experiencing crisis. Last year, 99% of Providence House families successfully reunited.

"We're honored to support Providence House and their vital mission of keeping children safe and families together," said Jeff Collins, President at Moving Ahead Services. "By providing our trucks and logistics expertise, we helped ensure this community-driven initiative could focus on what matters most – collecting essential items for children and families who need them."

The "Stuff the Truck" event featured live broadcasting by WTAM 1100 from Gateway Plaza, positioned strategically between Progressive Field and Rocket Mortgage Fieldhouse. Moving Ahead Services supplied the box truck that served as the collection vehicle, while their logistics

team managed the efficient collection and organization of donations throughout the 14-hour event.

The donation drive collected new essential items for children staying in Providence House's Crisis Nursery, including children's clothing, household items, and gift cards. The event was enhanced by a generous dollar-for-dollar matching gift commitment of up to \$10,000 from The Joan P. Wenk Charitable Fund.

"Community partnerships like this exemplify our commitment to giving back to Northeast Ohio," added Jeff Collins. "Working alongside respected organizations like the Cleveland Guardians and our local radio partners allowed us to amplify the impact and reach more families who need support."
