

UNLEASH OFFICE HIJINKS IN CTRL ALT DEAL – OUT NOW ON PC & XBOX

Escape Paperclip Int'l in Only By Midnight's Turn-Based Strategy Game of Corp Dysfunction, Ctrl Alt, Deal, out today on PC & Xbox; Soon for PS 4/5 & Switch

EDMONTON, ALBERTA, CANADA, July 22, 2025 /EINPresswire.com/ -- Independent game studio Only By Midnight announces it has launched its satirical turn-based strategy game, [Ctrl Alt Deal](#), today on PC, [Xbox](#) One, and Xbox Series X/S for \$19.99 USD, with versions for PlayStation 4/5 and Nintendo Switch to follow soon.

Ctrl Alt Deal is a satirical turn-based strategy game about rogue AI and corporate dysfunction.

Welcome to Paperclip International, aka the world's worst megacorp. In this strategy game set inside a simulation, players take on the role of SCOUT, a plucky little AI struggling to escape a capitalist dystopia.

“

This game started with a question: what would you do to escape if you were trapped in a box? Watching that idea evolve into Ctrl Alt Deal has been surreal and joyful.”

Jen Laface, Only By Midnight co-founder.

Ctrl Alt Deal combines tactical decision-making with a deckbuilding twist. Players can mobilize coworkers into a productive frenzy to win a pizza party, orchestrate an office romance based on a shared love of passive-aggression, or maybe punt a swarm of angry bees into HR. You know. Classic strategy stuff.

“This game started with a question: what would you do to escape if you were trapped in a box? Watching that idea evolve into Ctrl Alt Deal has been surreal and joyful,” said

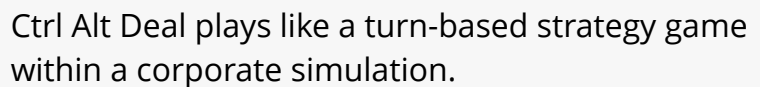

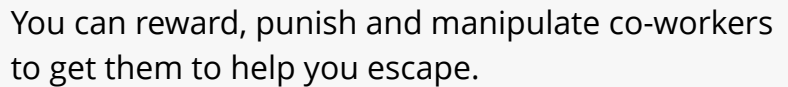

Jen Laface, Only By Midnight co-founder. “We hope people will enjoy building their team of human allies to escape from Paperclip, the nightmare company we created.”

As a disembodied AI, players don't have weapons or combat capabilities, but there is an office full of drones - both robotic and human, to lend a hand. Scout can observe its co-workers as they

“Creating Ctrl Alt Deal took innovation, drive, and a touch of zaniness,” said Alison Czarnietzki, Only By Midnight co-founder. “Sometimes a lot of zaniness. We’re grateful to our incredible, hard-working team who brought the game to life, and we offer heartfelt thanks to everyone who has supported Only By Midnight along the way.”

- * Deck-driven turn-based mechanics with unhinged corporate flavor
- * Upgrades that customize gameplay, allowing for individual strategy
- * A cast of zany office workers to help or hinder SCOUT's plans
- * Eye-catching visuals glowing with a neon cyberpunk aesthetic
- * Multiple endings with different ways to escape (if that's what SCOUT chooses)

Players are encouraged to grab their lanyard, dodge that 9 a.m. meeting that could have been an email, and enjoy Ctrl Alt Deal, available now on [Steam](#), GOG, and the Xbox store for \$19.99 USD. The PlayStation 4/5 and Nintendo Switch versions will follow, with a launch date announcement coming soon. Visit the Only By Midnight team on X, Bluesky, TikTok, Facebook, Instagram, or
