

Pre-Orders Opened on July 24 for 'Jurassic World Rebirth Tyrannosaurus Rex 1/6 Scale' Statue

Prime 1 Studio has announced the "Jurassic World Rebirth Tyrannosaurus Rex 1/6 Scale" Statue. Pre-orders began July 24, 2025 (JST); release in January 2027.

ASAKUSA, TAITO-KU, TOKYO, JAPAN, July 25, 2025 /EINPresswire.com/ -- Prime 1 Studio proudly presents a new addition to the "Legacy Museum Collection"—a 1/6 scale statue of the Tyrannosaurus Rex as seen in the film "Jurassic World Rebirth". Measuring approximately 1.38 meters in length, it ranks among the largest pieces ever produced by the studio.

Thanks to the exceptional modeling potential afforded by its massive scale, the statue faithfully captures the creature as portrayed in the film, from the pronounced cranial ridges and striped skin pattern to the powerful, muscular build. The defining traits of the Tyrannosaurus Rex species—its formidable jaw, sharp teeth, and powerful tail—are also brought to life through meticulous sculpting and detailed paintwork.

The bonus version includes a specially crafted title logo stand.
