*Expanding Access to Compassionate Psychiatric Care To Northwest Tampa/St. Petersburg Area*

PALM HARBOR, FL, UNITED STATES, July 23, 2025 /EINPresswire.com/ -- Sunshine Mental Wellness and Associates Inc., a trusted provider of holistic, telepsychiatric care, is proud to announce the opening of its new physical location at 34921 US Hwy 19 N, Palm Harbor, FL 34684. This expansion marks a new chapter in the practice's mission to deliver compassionate, evidence-based mental health support to individuals across Florida and New York—now both virtually and in person.

With a brand promise of “Compassionate Mental Wellness You Can Trust,” Sunshine Mental Wellness is founded on the belief that care should be personal, accessible, and grounded in genuine empathy. Led by board-certified Psychiatric Mental Health Nurse Practitioner Evan Donin, PMHNP-BC, the practice offers a full spectrum of services from psychiatric evaluations and medication management to trauma-informed counseling and ongoing therapeutic support.

“Every patient deserves to feel heard, supported, and understood,” said Evan Donin. “At Sunshine, we don’t just treat conditions—we treat people. We take the time to listen, collaborate, and build a care plan that respects the unique story behind each patient’s mental health journey.”

A sliding scale is also offered for uninsured or underinsured individuals, ensuring no one is turned away from the support they need.

### Breaking Down Barriers to Mental Health Access

Sunshine Mental Wellness was created to bridge the gap in mental health care, especially for individuals in rural or underserved communities. Telepsychiatry removes traditional obstacles such as transportation, scheduling conflicts, or long wait times.

### A New Standard of Care in Florida and Beyond

As Sunshine Mental Wellness continues to grow, its values remain rooted in empathy, clinical excellence, and patient-centered care. The opening of the Palm Harbor location signals the next step in making expert psychiatric support more available—and more human.

Patients often describe their experience with Sunshine in one word: different. That difference lies in how deeply the team listens, how quickly they respond, and how carefully they adapt treatment to your unique circumstances. It's why the practice is consistently rated 5 stars and why so many patients refer friends and family with confidence.
