A-TEAM Home Care Inc., was recently recognized as the Best Home Care Agency and Large Employer in Philadelphia, Bucks, and Montgomery Counties, being selected winner in both the 2025 Philadelphia Inquire Philly Favorites list, and the 2025 Happening List by Philly Happenings Magazine. The company uses an innovative, deeply human approach to meet the needs of the region's most vulnerable people with dignity and respect, including employing bi-lingual caregivers and office staff.

"Our mission is a simple one," says A-TEAM's CEO Irina Rabovetsky, "We keep our clients in their safest place - their home - while being taken care of by people who truly care."

## A Full Spectrum of Services Tailored to Every Need

A-TEAM offers a wide variety of services to help clients, whether recovering from surgery, dealing with chronic disease, or simply in need of daily support. A-TEAM's services create individualized

solutions for every client:

### Veteran-Focused Support through the VetAssist Program

A-TEAM Home Care recognizes and understands the unique needs of its veterans, which is why it's proud to partner with the Department of Veterans Affairs to provide free personal care services to qualifying veterans and their surviving spouses through the VetAssist Program. It also includes assistance with daily living activities, which are paid for by the VA.

"We honor our veterans' sacrifice by providing access to the benefits they have earned," said a Veteran Care Coordinator. "We take the stress out of the process to help families every step of the way through the application process."

### Client-Centered Approach with Trusted Caregivers

At the heart of A-TEAM's successful mission is a dedication to the compatibility of client and caregiver. Each caregiver undergoes extensive background checks, clinical supervision, and continuing education that meets the agency's gold-standard quality requirements.

Families are also given the option to choose their own caregiver - or to have A-TEAM train and hire a trusted family member in order to provide care, providing both comfort and continuity. Caregivers receive generous pay, paid time off, and a variety of other benefits including Insurance and a 401K program.

Whether that is through a free in-home consultation, regular management assessments, the agency delivers to every client not just care, but the right care.

## When Experience Meets Empathy

A-TEAM provides more than medical reassurance for people with aging, disability, Alzheimer's or dementia. It brings peace of mind. Family caregivers who feel the weight of the world on their shoulders can depend on a professional team that embraces independence and personal dignity.

"Growing older doesn't mean relinquishing control of your life," says an A-TEAM RN Case Manager. "What we want to do in every case is help our clients retain independence so they can continue to live, successfully, where they belong, full of confidence and joy."

## Accredited, Affordable, and Always Available

A-TEAM Home Care is licensed through Medicare, Medicaid, and the Accreditation Commission for Health Care (ACHC), exemplifying the organization's commitment to best-in-class care.
