The Business Research Company

The hostels market size has grown strongly in recent years. It will rise from \$5.03 billion in 2024 to an estimated \$5.51 billion by the end of 2025 at a compound annual growth rate CAGR of 9.5%. The booming growth during the historic period can be attributed to strong economic expansion in emerging markets, population growth, an increasing disposable income, and the rising acceptance of solo travel amidst increasing global paid leaves.

Are There Any Key Hostels Market Drivers?

The rise of solo travel is a critical factor propelling the growth of the hostel market. Backed by

affordable costs, excellent value, experiential accommodation, convenient locations, and opportunities to meet fellow travelers, an increasing number of solo travelers are choosing hostels. For instance, the Association of British Travel Agents, a UK-based trade association, reported in March 2024 a significant surge in solo traveler demographics. The growth was most striking in the 35-44 age group, where the count of solo travelers more than doubled, soaring from 6% in 2022 to 13% in 2023.
