PLEASANTON, CA, UNITED STATES, August 1, 2025 /EINPresswire.com/ -- [Dusty Cars](https://dustycars.com/), a California-

“

People put a lot of money and time into their Mercedes, Jaguar, and Porsches.”

Douglas Berry

based [classic car](https://dustycars.com/) buyer and valuation service at <https://dustycars.com/>, is proud to announce new content for classic car storage. Professional storage for classic automobiles near Pleasanton in the East Bay is available. Expert classic car storage can help preserve the current condition of a classic Porsche, Mercedes, or other vehicle.

"People put a lot of money and time into their Mercedes,

Jaguar, and Porsches. If there comes a time they need to find vehicle storage, they could be worried about how the car will age in a subpar storage facility," stated Douglas Berry, the visionary founder of Dusty Cars. "We know everything that can go wrong with subpar car storage and have created an environment to avoid those issues. Our goal is to provide the best classic car storage option in the East Bay."

Classic car enthusiasts, investors, and owners can review the new content for professional classic car storage in the East Bay at <https://dustycars.com/news/what-is-the-best-way-to-properly-store-a-classic-car/>. Choosing long-term housing for a classic automobile may be challenging for an owner. So-called "regular" car storage might not address the unique needs of a classic sports car or other vintage automobile. Classic cars can show signs of deterioration if not properly stored. The signs can include rusting, worn rubber details, cracked and broken leather seats, metal corrosion, thickening of car fluids, drained batteries, animal infestations, and weather damage. The consequences of poor car storage can include a decline in the classic vehicle's value, as well as costly repairs and remodeling work.

The Dusty Cars site in Pleasanton provides professional classic vehicle storage. The site can store classic cars, including Porsche, Mercedes-Benz, Jaguar, Ferrari, Rolls-Royce, BMW, and Corvette. Storage features consist of climate control, proper ventilation, long-term storage preparation, and scheduled vehicle inspections.

Dusty Cars is a team of classic car experts dedicated to providing a thorough [appraisal](https://dustycars.com/appraisal/) of classic automobiles. If owners are ready to sell a classic Porsche, Jaguar, Mercedes, or other valued classic car, the team can provide a fair and quick cash offer. Experts provide appraisal services with in-depth knowledge of the classic auto market and current values of a specific make and model. Interested individuals can review the Dusty Cars appraisal service page at <https://dustycars.com/appraisal/>.

Caring for and maintaining a classic automobile can be more challenging than managing a typical car. If a standard car deteriorates due to inadequate storage conditions, the owner may not be concerned. The value of a classic car can rise and achieve a top cash offer if it remains in pristine condition. A professional automobile storage unit in Pleasanton can provide safe and secure accommodation for classic autos, such as Porsches, Mercedes-Benzes, and Ferraris.
