

# Pre-Orders Opened on July 29 for 'Azur Lane Regensburg' Statue

*Prime 1 Studio has announced the "Azur Lane Regensburg" Statue. Pre-orders began July 29, 2025 (JST); release set for February 2027.*

ASAKUSA, TAITO-KU, TOKYO, JAPAN, July 30, 2025 /EINPresswire.com/ -- We are pleased to announce that the 1/6 scale statue of "Regensburg," a character from the shooting RPG "Azur Lane," is now available for pre-order as part of our Concept Masterline series.

This statue is based on the key visual illustrated by YD. The pose was carefully designed down to the angle of each fingertip. Her hair is made with clear parts to create a light and flowing appearance, while the cloak is painted to reflect the glow of surrounding flames. The specially crafted base features built-in LED lighting. Each area of the statue has been carefully finished with attention to fine detail and color separation.

The armament "Regina," which appears in the game, has also been faithfully sculpted based on the same key visual. With its sharply modeled horns and claws, metallic black finish, and multiple LED light-up features, it stands at an impressive height of approximately 66 cm. It can be positioned behind "Regensburg" for an enhanced display. Regensburg also includes swappable parts: an alternate angry face, a right hand, and a head stand.
