

Jobma Wins SourceForge Summer 2025 Top Performer Award

Jobma has been named the Summer 2025 Top Performer in the video interviewing software category.

MINNETONKA, MN, UNITED STATES, July 28, 2025 /EINPresswire.com/ -- [Jobma](#), a leading AI video interviewing and assessment platform, announced that it has been awarded the Summer 2025 Top Performer award in the video interviewing category. This award was presented by [SourceForge](#), the world's largest software review and comparison directory.

Awarded for outstanding performance and user satisfaction, this award places Jobma among the highest-rated solutions in its category. This recognition is awarded to products that have earned exceptional reviews by real users, placing Jobma among the top 10% of over 100,000 products listed on SourceForge.

“

We've always believed that great tech should be intuitive and focused on solving real-world hiring challenges.”

Krishna Kant

It highlights the platform's consistent delivery of value, usability, and support to hiring teams across the globe. With nearly 20 million monthly visitors, SourceForge is a trusted resource for businesses seeking reliable software solutions, making this award a significant milestone in

Jobma's growth journey.

"It's my pleasure to award the Summer 2025 Top Performers on SourceForge," said Logan Abbot, President of SourceForge. "Jobma has been named a Top Performer this Summer in the Video Interviewing Software category, and the large volume of outstanding user reviews they have received is proof of the best-in-class solution they provide to their customers."

To win this award, Jobma maintained an exceptional rating across hundreds of verified user reviews, solidifying its position as a trusted platform for hiring teams seeking to improve speed,

accuracy, and candidate experience.

“We’ve always believed that great tech should be intuitive and focused on solving real-world hiring challenges,” said Krishna Kant, Managing Partner at Jobma. “The Top Performer award reinforces that our approach is resonating and that we’re on the right path.”
