

# Bluegrace Energy Bolivia Acquires 50% of Nexus Global One Technologies to Expand FinTech and Climate Solutions Globally

*Acquisition empowers blockchain-certified carbon credits, expands NeXchange platform, and boosts SDG-driven climate action and financial inclusion*

LONDON, GREATER LONDON, UNITED KINGDOM, July 29, 2025

/EINPresswire.com/ -- In a bold move to accelerate the global transition to sustainable finance and climate technology, Bluegrace Energy Bolivia (BGEB) has acquired a 50% ownership stake in Nexus Global One Technologies LLC, a FinCEN-registered U.S. company headquartered in Florida. This strategic acquisition marks a significant milestone in the evolving partnership between the two entities and reaffirms their shared mission of aligning advanced financial technologies with impactful climate action.

As part of this agreement, BGEB CEO Julio Montenegro has been appointed as International Director of Nexus Global One Group. Montenegro's new role brings focused leadership to the integration of blockchain, FinTech, and sustainability, leveraging Nexus's infrastructure to scale the impact of SDG-aligned projects across five continents.

**\*\*Uniting Technology and Climate Leadership\*\***

Nexus Global One Technologies (<https://nexusglobal.one/>) brings over a century of combined FinTech expertise, delivering turnkey EFT, payment, and mobile banking solutions with a strong presence across Americas, Europe, Africa, Asia, and the Caribbean. Through its [NeXchange](#)

platform, Nexus enables crypto-to-fiat transactions, bridging decentralized finance with global financial inclusion.

The acquisition by BGEB adds a powerful sustainability layer to Nexus's offering. Leveraging BGEB's flagship [BlueGrace Amazon Carbon Token](#) (BGACT), this partnership enables tokenized, [ISIN-backed](#) carbon credits, transparently tracked on blockchain. This innovation brings clarity, auditability, and global access to the voluntary carbon markets—key tools to combat climate change and protect biodiversity.

#### **\*\*Advancing the SDGs Through FinTech\*\***

By aligning technological capabilities with climate and social imperatives, this partnership delivers on multiple UN Sustainable Development Goals (SDGs):

- Goal 13 – Climate Action: By tokenizing and protecting every ton of CO<sub>2</sub> captured through Amazonian forest conservation.
- Goal 15 – Life on Land: Promoting sustainable land management and biodiversity in protected areas.
- Goal 9 – Industry, Innovation and Infrastructure: Deploying modular, blockchain-powered platforms that reduce costs and enable access for underserved regions.
- Goal 1 – No Poverty & Goal 8 – Decent Work: Empowering local communities with new economic tools via carbon credit monetization and decentralized financial access.

#### **\*\*A Greener, More Inclusive Financial Future\*\***

With this strengthened alliance, BGEB and Nexus are building the digital infrastructure for a regenerative economy—one where natural capital is properly valued and protected, and financial inclusion reaches the most remote communities.

The partnership also supports the BGCarbon Bank Initiative, which integrates smart contracts and APIs for seamless issuance, trading, and settlement of carbon credits—providing institutional-grade credibility and scalability to an emerging green economy.
