

# Arnold Auto Repair Adds Groundbreaking Hunter Alignment and Balancing Equipment

*Arnold Auto Repair in Ogden, UT, invests in new Hunter alignment and wheel balancing machines to improve service precision and efficiency.*

OGDEN, UT, UNITED STATES, September 1, 2025 /EINPresswire.com/ -- In September, [Arnold Auto Repair](#) announced the installation of advanced Hunter alignment and wheel balancing machines at its Ogden facility. The new equipment represents a major investment in service precision and customer satisfaction.

## Precision Technology for Superior Results

The addition of these groundbreaking machines allows Arnold Auto Repair to offer more accurate alignments and smoother ride quality, especially important as vehicles become more complex and sensitive to wheel calibration. With the new Hunter system, customers benefit from faster diagnostics, reduced tire wear, and enhanced vehicle handling.

“

Investing in the best tools available means better results for our customers. These Hunter machines allow our team to deliver pinpoint accuracy every time.”

*Chard Arnold, Owner of  
Arnold Auto Repair*

## Word from the Owner

“Investing in the best tools available means better results for our customers. These Hunter machines allow our team to deliver pinpoint accuracy every time.”

— Chard Arnold, Owner of Arnold Auto Repair
